FEATURES IN THE GAME

SILVERBACK ATTACK FEATURE

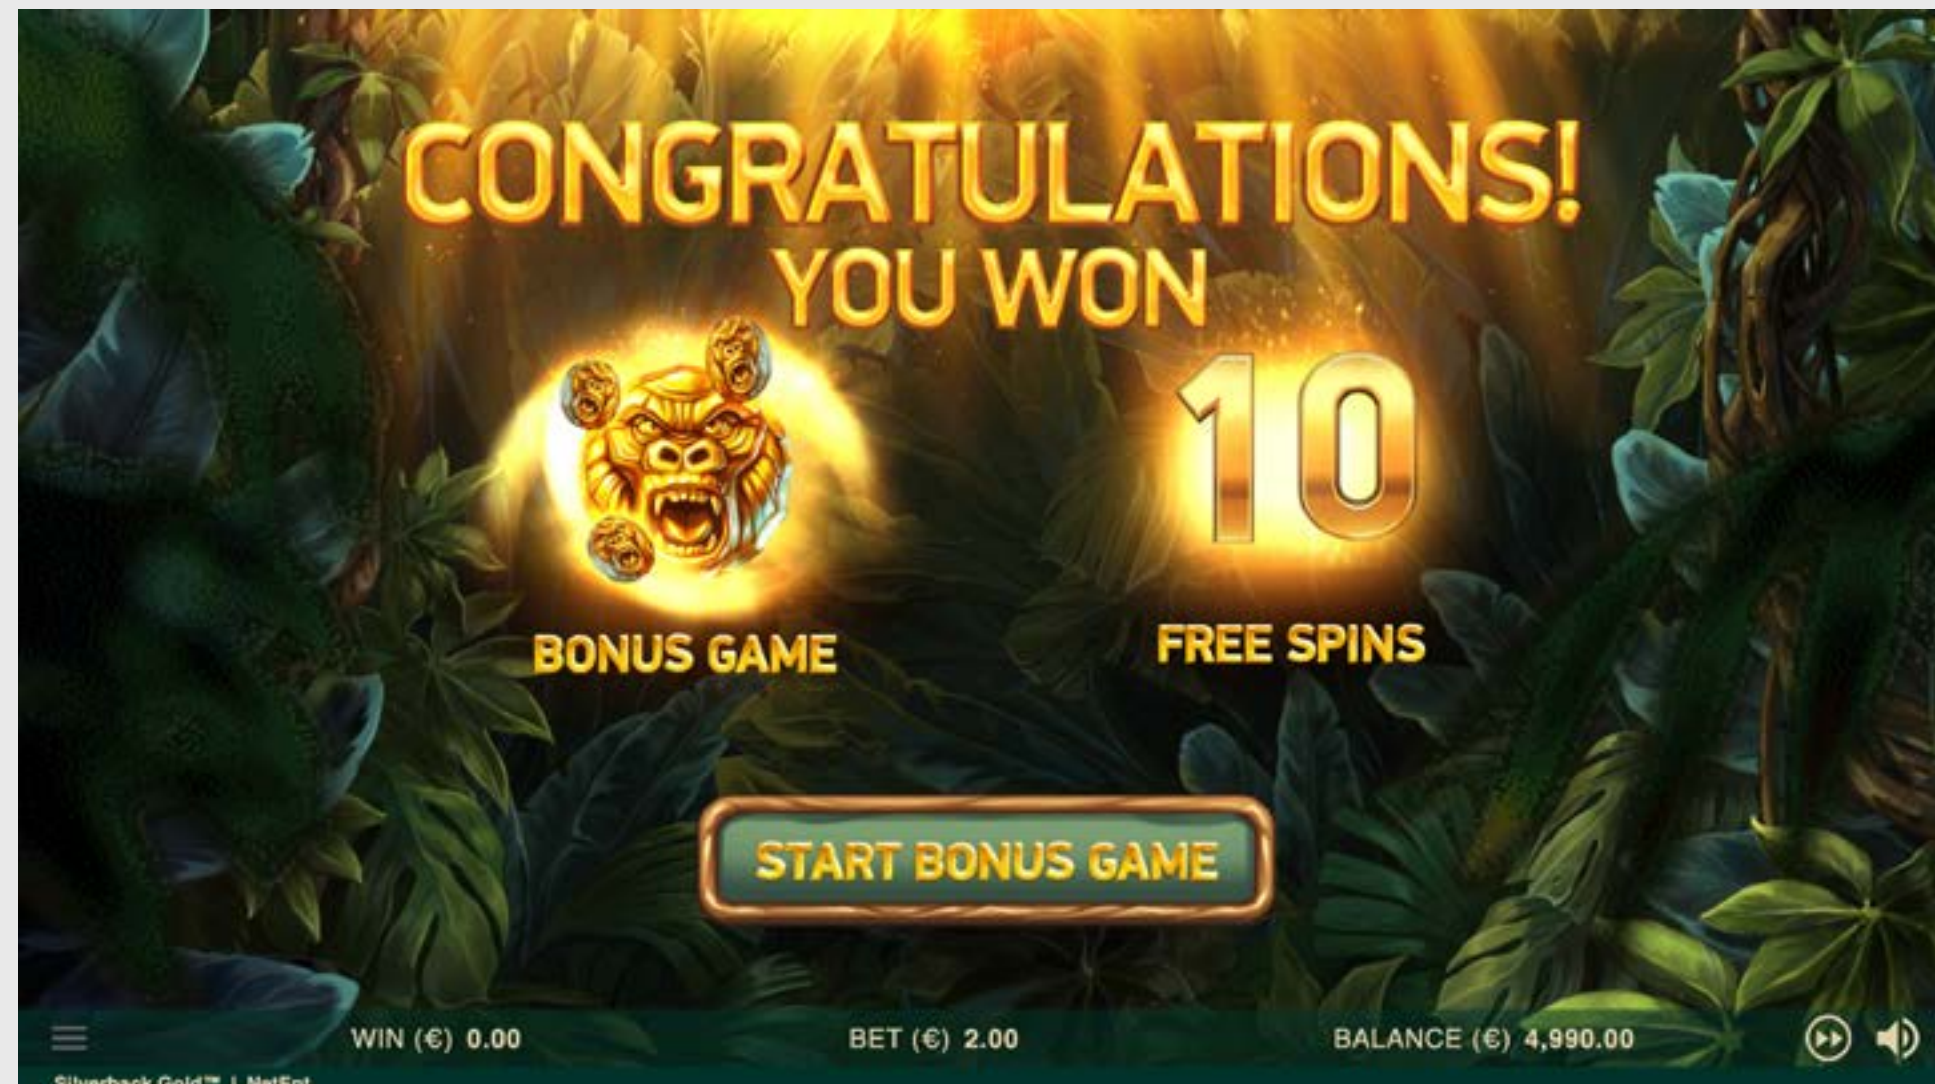

The Silverback Attack feature can be randomly activated in the base game as well as in Free Spins. When this feature is activated, 6 to 20 mighty Silverback symbols are launched onto the spinning reels, leading to sizeable wins.

THE BUY FEATURE

Free Spins can be activated with the Buy Feature. Activating Free Spins costs 100 times the bet. When Free Spins are activated with the Buy Feature, 1 free main game spin is guaranteed to activate 10 Free Spins.

FEATURES IN THE GAME

THE BONUS GAME

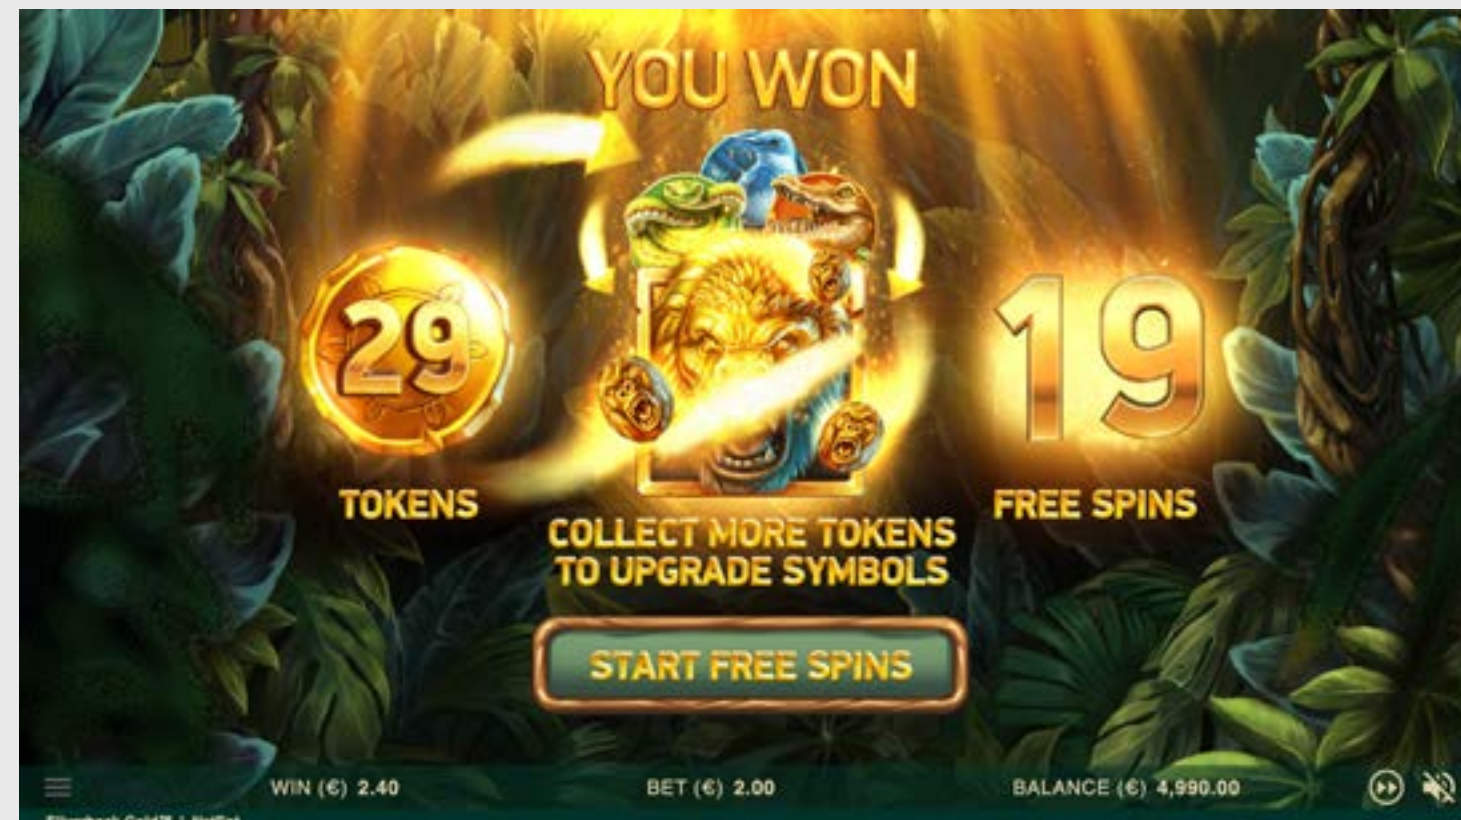

A minimum of 3 Scatter symbols triggers the Bonus Game, which is your gateway into Free Spins. In the Bonus Game, the positions with Scatter symbols remain locked, and all other positions spin individually – you get 3 spins. Only tokens can land on the reels in the Bonus Game. Once a token has landed, it will flip to reveal its value, and reset the number of spins back to 3. The Bonus Game ends when the spins counter reaches 0, when all positions become locked, or when the total value of all collected tokens reaches 300 or more. At the end of the Bonus Game, the total value of all tokens is saved, and Free Spins start.

WILDS AND MULTIPLIERS

A Wild symbol appearing on the reels in Free Spins randomly turns into a x2 or x3 Multiplier Wild symbol. If 2 or more Multiplier Wild symbols appear on a winning bet way, the bet way win is multiplied by the product of their values.

FEATURES IN THE GAME

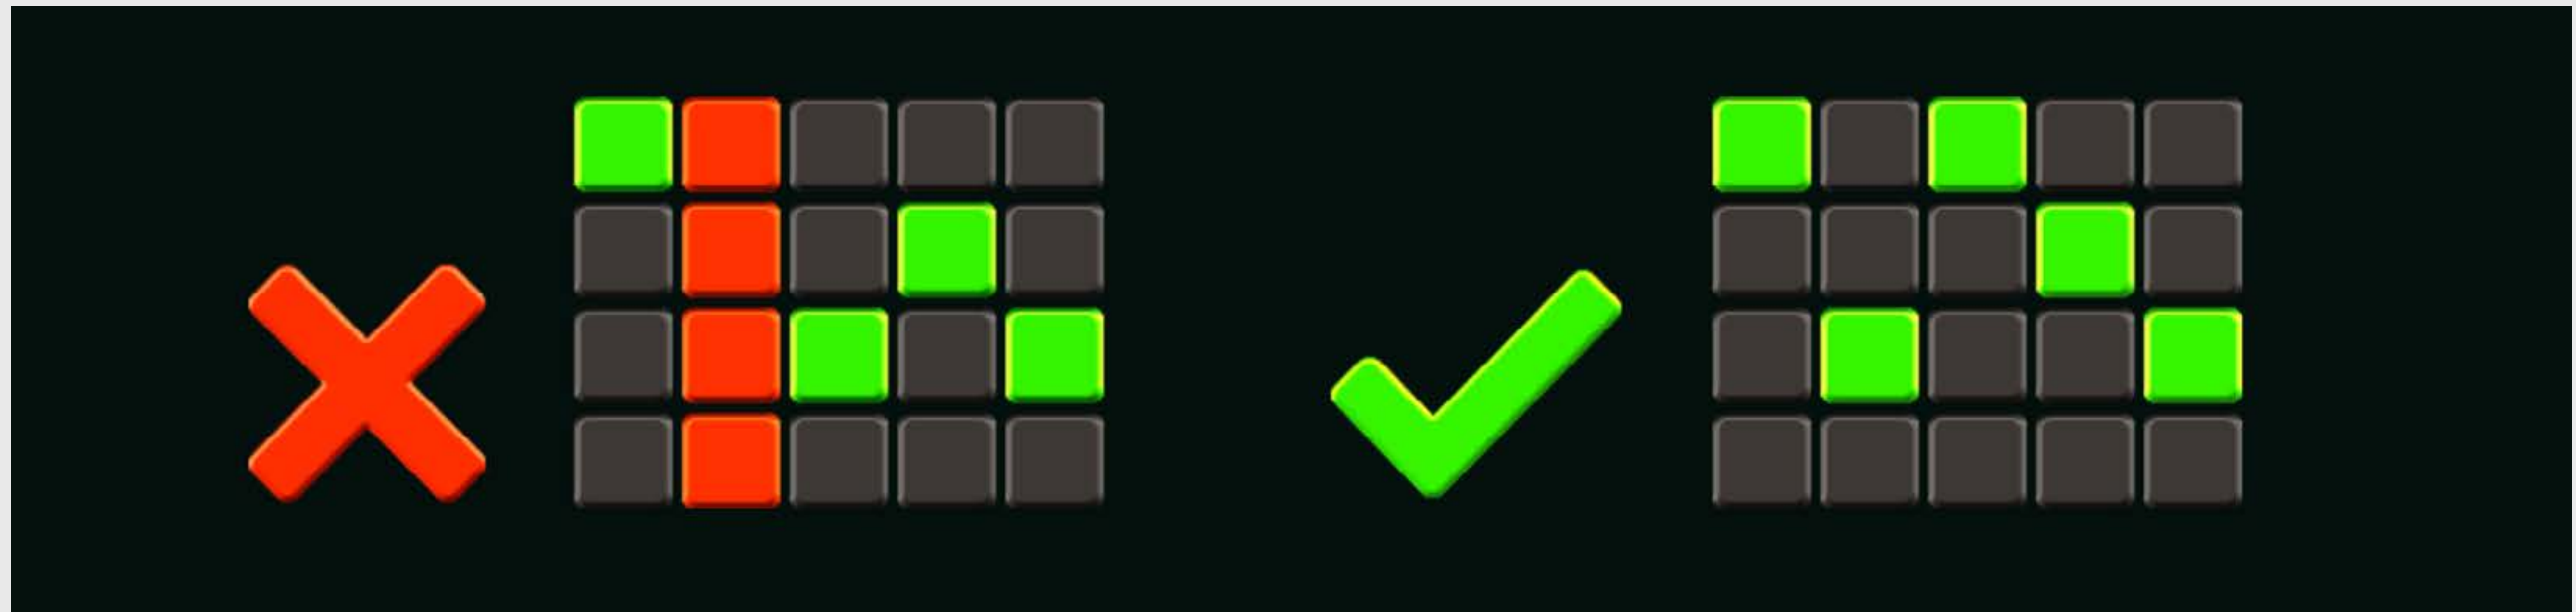

FREE SPINS

3, 4, or 5 Scatter symbols appearing on the reels in the main game activate 10, 15, or 20 Free Spins respectively. Additional Free Spins are also awarded every time a Scatter lands. At the start of Free Spins, the total value of the tokens awarded in the Bonus Game is added to the collect meter. Additional tokens can randomly appear on Silverback symbols. When the number of tokens on the collect meter reaches certain levels, corresponding symbols are upgraded to Silverback symbols according to the following stages:

- 30 tokens upgrades Crocodile symbols
- 60 tokens upgrades Leopard symbols
- 120 tokens upgrades Snake symbols
- 200 tokens upgrades Bird symbols
- 300 tokens upgrades Silverback symbols

When the number on the collect meter reaches 300, all Silverback symbols are upgraded to Golden Silverback symbols which are the highest paying symbols in the game, and only appear during Free Spins.

BET WAYS

Matching symbols in any position on 2 or more adjacent reels, starting from the leftmost reel to the rightmost reel, result in a bet way win. Only the longest matching combination per symbol is paid. Malfunction voids all pays and plays.
